Dear Mr. Kai,

RE: SW Transitway and Bus Rapid Transit (BRT) - 90th Avenue SW

We are writing to request clarification of The City's plans for the intersection of 90 Avenue SW and 14 Street SW.

According to our recollections, you stated in a meeting on December 1, 2015 that The City is not planning a grade separation at 90th Avenue SW. We have reviewed all information we have been able to find regarding the Southwest BRT project, and have only been able to find one large aerial map labeled "sw-transitway-detailed-plan.pdf" that seems to indicate an at-grade intersection at 90th Avenue SW. We are unable to locate any other information on your project website with respect to this issue and ask that you please send us information on what The City's plans are for this intersection.

We would appreciate a response to our request for information and clarification at your earliest convenience. Please respond to me by email at info@readytoengage.ca.

Sincerely,

Maurice Tims
